

DIGITAL PORTFOLIO ASSIGNMENT

Digital portfolios are a good way to highlight your accomplishments for college admissions and potential employers. They allow you to organize information about yourself in a way that is visually appealing and interesting.

For this assignment you will create a comprehensive portfolio using Google Sites that details your qualifications and experiences that you can use for future applications. Use the tutorial on Google Classroom to create a digital portfolio.

REQUIREMENTS

Your portfolio should:

- Be a minimum of 4 pages, although you may add more
- Have at least **one** artifact per page, but a minimum of **ten** artifacts overall
 - Artifacts can include pictures, documents, PDFs, work examples, certificates, etc.
 - You may use up to three pictures from the internet, but all others must be original artifacts that you create.
 - You must put a reference link to any picture you borrow from the web.
- Showcase your personality while maintaining a professional overall impression.

PAGE 1 – ABOUT ME (REQUIRED)
